NOTE FOR: OGC

Ed:

On 13 March I spoke to you on the telephone regarding your request for the DDS&T material on Bell Helicopter and suggested that you stop by to discuss it with me. You said you would; you didn't do it.

When queried on this matter, DDS&T informed me that they had no information relevant to the Proxmire questions; hence, I can't imagine what material they might have sent me. Whatever, I have nothing in my possession. Attached are copies of the three letters forwarded to the Proxmire Committee in this matter. *1*
